MATHS

Pack 1 of 3

1

GL Assessment's Practice Papers give you and your child everything you need to prepare for the Maths test. Written by our own test experts and drawing on our decades of experience in creating 11+ tests for UK schools, these are the most authentic, up-to-date papers available.

This pack contains three complete practice papers, together with full answers and guidance for you and your child. Each paper is designed to replicate real test conditions so that you can help your child to get comfortable with the format of the exam, with examples of the types of questions asked and the timings for each one.

With GL Assessment, you can give your child the confidence to reach their full potential.

GL Assessment®

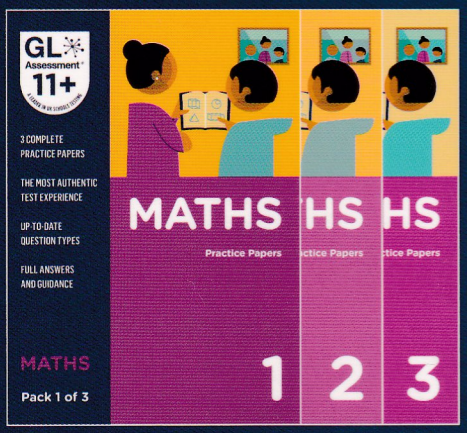

TRUSTED BY SCHOOLS AROUND THE WORLD

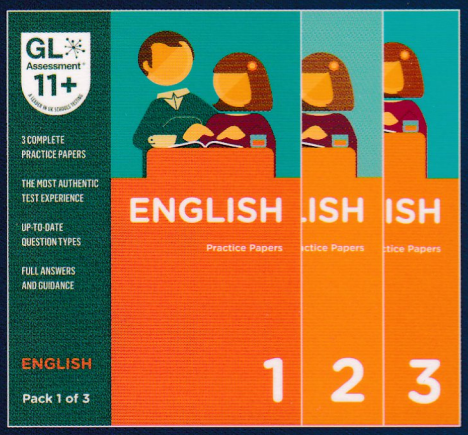

Our expertise in 11+ assessment has been gained from decades of working with schools, teachers and education authorities. Our tests are the most rigorous, academically sound and in line with current best practice available, so you and your child can have full confidence as you prepare for the exams.

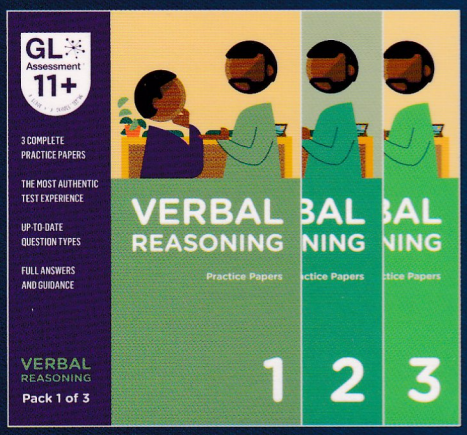

ISBN 978-0-70872-758-4

With GL Assessment Practice Papers for every subject, you can tackle the tests with confidence.
