Name: _____ Date: _____

KS2 Maths Worksheet 19a

Solve a given problem by organising and interpreting numerical data in simple lists, tables and graphs.

1) Write the following numbers in the correct sections of the Venn diagram.

3, 21, 35, 63, 2, 14, 28, 6

2) On the right is a line graph showing the distance that Sarah went on her roller skates one afternoon. Answer the following questions using the information in the graph.

A) How far did Sarah travel between 2.30 p.m. and 4 p.m?

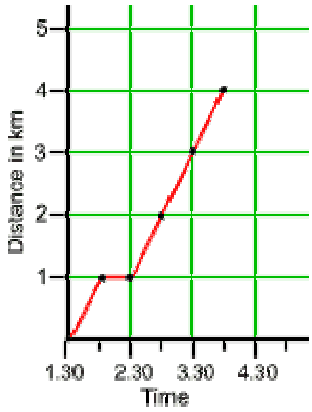

3km

B) What did Sarah do between 2 p.m. and 2.30 p.m.?

Rest

C) At what time did Sarah start her roller skate ride?

1.30 p.m.

3) This Carroll diagram shows how some numbers between - 18 and + 32 have been sorted. Add the numbers - 16 and + 26.

	Negative	Positive
multiple of 4	-16 -8	+32
not multiple of 4	-18	+26 +22

4) The following table shows the number of students in Year 4, 5, 6 that attend four schools in the same town. Answer the following questions.

A) What is the total number of students in Year 4 at all four schools?

152

B) How many more children are in Year 6 at Westbank than in Southbank

27

C) How many children are in Year 5 at Eastbank School?

22

	Westbank	Northbank	Eastbank	Southbank
Year 4	53	47	27	25
Year 5	57	51	22	26
Year 6	48	46	19	21
