2. This is a multiple-choice test in which you have to mark your answer to each question on the separate answer sheet.
3. The test contains a number of different types of question. Each question type starts with an explanation of what to do, usually followed by a worked example with the answer marked on the answer sheet.
4. Some questions require more than one answer to be marked. Read the instructions to each question carefully.
5. Draw a firm line clearly through the rectangle next to your answer like this ▬. If you make a mistake, rub it out as completely as you can and put in your new answer.
6. Be sure to keep your place on the answer sheet. Mark your answer in the box that has the same number as the question.
