KS2 Maths Worksheet 16b

Choose and use appropriate operations to solve word problems, explaining methods and reasoning.

Find the answers to the following.

hot dog = £1.05	sweater = £25.45
Pen = £0.76	belt = £6.84
order of French-fries = £1.16	tie = £7.71
shirt = £9.66	hat = £13.96

1. £27.66 What is the total cost of a hot dog, a sweater, and an order of French-fries?

2. £3.40 Sharon purchases two shirts and three Pens. How much money will she get back if she pays £25.00?

3. £45.88 What is the total cost of four shirts, four hot dogs, and four Pens?

4. £36.16 If David wanted to buy a sweater, a hot dog, and a shirt, how much money would he need?

5. £3.53 If David buys a Pen, a shirt, and a hot dog, what will his change be if he pays £15.00?

6. £149.29 Amy wants to buy three belts, two Pens, and five sweaters. How much will she have to pay?

7. £17.26 What is the total cost of a belt, a Pen, and a shirt?

8. £1.96 Ellen purchases four Pens. What will her change be if she pays £5.00?
